Have you ever found  
yourself pondering your dog's  
sexual preference?

If so, consider the following...

Does your dog chew  
only on Manolos?

Do you suspect your dog is sharing  
confidences with the groomer?

Does your dog accept doggie bags  
only from The Four Seasons, "21," or  
the Condé Nast cafeteria?

Does your dog pee exclusively  
on *Vogue*?

Does your dog insist on interviewing  
the dog walker?

Does your dog assume the  
top doggie position?

Must your dog's biscotti be served  
with a double espresso?

Is this what doggie style  
means in your house?

Is this why it takes so long  
to head out for walkies?

Is this your dog's idea  
of regular exercise?

Has your dog turned into  
a complete bitch?

Does your dog require  
his own wet bar?

Is the doghouse Bauhaus?

Do bones bring out  
your dog's artistic side?

Does doggie swoon over  
that lost Maria Callas recording  
that only he can hear?

Does doggie bottle his own scent?

Does your dog exhibit  
obsessive behavior when choosing  
a bandanna?

Is this your dog's idea of fetch?

Does your dog look forward to  
a day at "The Baths"?

Must all of your dog's coats be  
custom tailored on SaVile Row?

Is this one of your dog's  
favorite tricks?

Does your dog love nothing better  
than a fabulous show?

Have you found evidence of  
a snide memoir lying about?

Is your copy of *Blue Dog*  
suspiciously dog-eared?

Are his dog toys only for display?

Does doggie *really* love leather?

Does your dog insist on  
"a room of his own"?

Does your dog run with  
a faster pack than you do?

If you answered these  
questions in the affirmative,  
then honey, you live with  
one DIVINE dog.
